**Independent Practitioner's Review Report
To The Members of the Gustavia Yacht Club
The Year Ended December 31, 2018**

1

I have reviewed the balance sheet of the Gustavia Yacht Club ("the Club") for the year ended December 31, 2018 and the related income & expenditure account, for the year then ended, and a summary of significant accounting policies.

Management's responsibility for the financial information

Management of the entity is responsible for the preparation and fair presentation of the financial information in accordance with the selected accounting policies and for such internal control as management determines is necessary to enable the preparation of financial information that is free from material misstatement, whether due to fraud or error.

Practitioner's responsibility

My responsibility is to express a conclusion on the accompanying financial information. I conducted my review in accordance with the International Standard on Review Engagements (ISRE) 2400 (Revised), *Engagements to Review Historical Financial Statements*. ISRE 2400 (Revised) requires me to conclude whether anything has come to my attention that causes me to believe that the financial information, taken as a whole, is not prepared in all material respects in accordance with the applicable accounting policies. This Standard also requires me to comply with the relevant ethical requirements.

A review of financial information in accordance with ISRE 2400 (Revised) is a limited assurance engagement. The practitioner performs procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, no audit opinion is expressed on the financial information.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying financial information does not present fairly, in all material respects, the financial position of the Club as at December 31, 2018 and the financial performance for the year then ended, in accordance with the selected accounting policies.
